

Instructions: The following tests can be performed on a single whole blood EDTA specimen (minimum volume of 3 mL).
Prioritize testing order when sending samples.

Test ID	Published Name
GAL1P	Galactose-1-Phosphate, Erythrocytes
GALE	Uridine Diphosphate-Galactose 4' Epimerase, Blood
GALK	Galactokinase, Blood
GALT	Galactose-1-Phosphate Uridyltransferase, Blood
GALTP	Galactose-1-Phosphate Uridyltransferase Biochemical Phenotyping, Erythrocytes
GALZ	Galactosemia, GALT Gene, Full Gene Analysis, Varies
GCT	Galactosemia Reflex, Blood
