

## **Biliary Tract Malignancy-Cytology, FISH, Varies**

**Test ID:** FBILM

### **Explanation:**

This test will become non-orderable effective immediately due to the lab troubleshooting and resolving some potential reagent issues that were encountered in evaluation of the FISH controls. There are no referral test options available through Mayo Clinic Laboratories. All pending specimens will be held and stabilized. Once testing resumes the tests will be prioritized, at which time an update will be provided.
