

## MayoComplete Lung Rearrangements, Rapid, Tumor

**Test ID:** MCLNR

### **Explanation:**

Effective October 24, 2022, we will be unable to perform New York client testing for MayoComplete Lung Rearrangements, Rapid, Tumor (MCLNR). As a novel platform gene fusion assay, New York State Department of Health has requested additional information before providing continued approval to perform this laboratory testing on New York State patients.

We are actively working to provide the New York State Department of Health with the additional information that is being requested. There is no recommended alternative. An update will be provided once we are able to resume New York client testing.

### **Questions**

Contact Michelle Rath, Laboratory Technologist Resource Coordinator at 800-533-1710.
