

MayoComplete Lung Cancer-Targeted Gene Panel with Rearrangement, Tumor

Test ID: MCLNG

Explanation: On the effective date the testing algorithm will be updated. When there is insufficient specimen to perform both RNA and DNA test components, this test will be canceled and testing for only DNA mutations performed under Test ID: MCLNM.

Current Algorithm
When this test is ordered, slide review will always be performed at an additional charge.

New Algorithm
When this test is ordered, slide review will always be performed at an additional charge.
This test includes DNA mutation and RNA fusion analyses. When there is insufficient specimen to perform both test components, this test will be canceled and testing for only DNA mutations added, reducing communication delays.

Current Reflex Tests
None

New Reflex Tests			
Test ID	Reporting Name	Available Separately	Always Performed
MCLNM	MayoComplete Lung Cancer Mutations	Yes	No
