## **UPDATE: February 17, 2025**

The expected test delay timeframe has extended to add approximately 20 days to the estimated turnaround timeframe.

## **Neuro-Oncology Expanded Gene Panel with Rearrangement, Tumor**

**Test ID:** NONCP

### **Explanation:**

Due to a change of the chemistry reagent, NONCP: Neuro-Oncology Expanded Gene Panel with Rearrangement, Tumor will be delayed effective January 26, 2026. Specimens will be processed upon arrival; however this delay will add approximately 7-10 days to the estimated turnaround time.

Concurrently with this test delay, test changes to NONCP will be implemented to the RNA subpanel to align with current World Health Organization classification guidelines.

Additional notification will be sent when standard turnaround time resumes.
