

Severe Acute Respiratory Syndrome Coronavirus 2 (SARS-CoV-2), Nucleocapsid, Total Antibody, Serum

Test ID: COVTA; performed at Mayo Clinic Laboratories Florida.

Explanation:

Due to a reagent kit transition, this test will be delayed, effective immediately. Submitted specimens will be stabilized upon arrival, stored, and tested when the new kit is validated and put into use. The duration of this delay is expected to be approximately 2 to 4 weeks. An additional notification will be provided when standard reporting resumes.
