

Sulfonylurea Screen, Urine

Test ID: FSLFU

Explanation:

Effective immediately, per notification received from Medtox Laboratory, Test ID FSLFU, is delayed due to instrument issues. Currently, there is no estimated time of resolving this delay.

Specimens are stabilized and will be run on a first-in, first-out basis.

Specimen Stability Information:

Specimen Type	Temperature	Time
Urine	Refrigerated (preferred)	14 days
	Ambient	72 hours
	Frozen	180 days
