

## Lipoprotein(a), Serum

**Test ID:** LIPA1

**UPDATE: June 3, 2026**

The expected test delay timeframe has been extended to 1 – 2 months.

**Explanation:**

Due to an increased volume of testing requests, LIPA1 results may be delayed past the published turnaround time. Specimens have been stabilized and will be processed in the order they were received. The duration of the delay is expected to continue for another one or two months. We will provide an update when additional information is known or normal turn-around time resumes.
