

Metagenomic Sequencing, CSF

Test ID: MSCSF

Explanation:

Due to an increased volume of testing requests, MSCSF will become non-orderable on the effective date. The duration of this test disruption is currently unknown.

Note:

Our commitment to delivering answers to patients has always been our top priority and this decision was not made lightly. We are working diligently to return to normal operations. Specimens that are currently in-house will be processed and results returned to clients.

There is no recommended alternative test.
