TEST STATUS

Notification Date: October 29, 2026
Effective Date: Immediately

Myositis Specific Antibody Evaluation, Serum

Test ID: MSAES

Explanation:
Due to reagent issues, component OJS (Isoleucyl-tRNA Synthetase Antibody, Serum) is not being performed. It will be reported as test not performed (TNP), removed from profile interpretations, and the CPT code will not be passed on invoices. The remaining components of MSAES are not impacted. The duration of this issue is currently unknown.
