Parvovirus B19 PCR

Source
Synovial fluid

Parvovirus B19 By Rapid PCR

Positive

Additional Information
This assay has only been validated for the detection of genotype 1 parvovirus B19 and its ability to detect the less common genotypes 2 and 3 is unknown.

Received: 13 Nov 2020 10:36
Reported: 13 Nov 2020 10:39

Laboratory Notes
1. This test was developed and its performance characteristics determined by Mayo Clinic in a manner consistent with CLIA requirements. This test has not been cleared or approved by the U.S. Food and Drug Administration.
